It's relatively easy to learn how to get solid, A-list, high-quality referrals. Yet, it's all for naught if the information is not applied. In this powerful seminar with Bob Burg, you'll learn the 7 challenges that might be keeping you from gathering referral after referral and . . . more importantly, how to quickly overcome them. Here's just part of what you'll learn:

- How to position yourself at the "Pot of Gold at the End of the Rainbow." This is where top-producers spend 80 percent of their time . . . while the typical person spends 80 percent of their time at the beginning doing the unproductive "Grunt Work."
- How to easily set appointments and not have to deal with gate-keepers. (Not how to get past them – how to never have to even deal with them.)
- How to gently and ethically "plant the seeds of referrals" in your prospect's mind during the presentation so that he'll be glad to provide you with great introductions
- How to "Funnel your way" to introductions and referrals. Never again here the words, **"I can't think of anybody right now but when I do, I'll call you."**
- The "Law of Free Enterprise" and how to use it to make a ton of money in 2010

Through Bob's personal involvement and techniques, we had "Great Success" immediately! Business volume to our new targeted market increased by 300% in just 3 MONTHS! Bob's program continued to be so successful, we brought him in to speak to our entire national sales force, and took his program Company Wide! Bob really helped us change how we were doing business!"
